OVERVIEW

This trail starts at the stables. Be aware that horses are moving in the area.

Follow the yellow markers between the stable buildings, through the gate and up to Telecom Hill. At point 5 you have the option of turning back via the Botanical Loop.

USEFUL INFORMATION

The trail is quite steep and sections with loose rocks require advanced fitness.

There is limited shade apart from the flora loop section. Just after sunrise and before sunset is preferable to walking at midday. Remember it gets dark after 5.15pm.

The trail to the Telecom Hill Lookout and back via the Flora Loop is 2km from point 1 and should take you around 1.5 hours return.

HEALTH AND SAFETY

Heat Illness: Review weather forecast, drink plenty of water, wear a hat and rest in the shade to minimise heat related issues.

Animals: Dangerous animals like snakes, bulls and crocodiles can be found throughout the Kimberley. If seen, do not approach, intimidate or harm them. Withdraw and alert others in the area.

WHAT TO DO IN AN EMERGENCY (SELF-GUIDED)

If you or a member of your group suffer an injury, set up and stay put. Stay in sight of the path but move to a dry, shaded spot if possible. Keep yourself (or injured person) as comfortable as possible and remain calm. If in a larger group and confident with the trail path, someone may return to Reception to notify staff of an issue.

If other guest are on the trail, ask them for help as well. Information that should be relayed to Reception is, your location on the track, kind of injury, medication given, age and weight of person, name of person, and mobile.
